WELCOME TO SWITZERLAND

Central, safe, clean, mountains, lakes, banking, technology, railroads – and, why not, chocolate and cheese – Switzerland offers an international experience like no other.

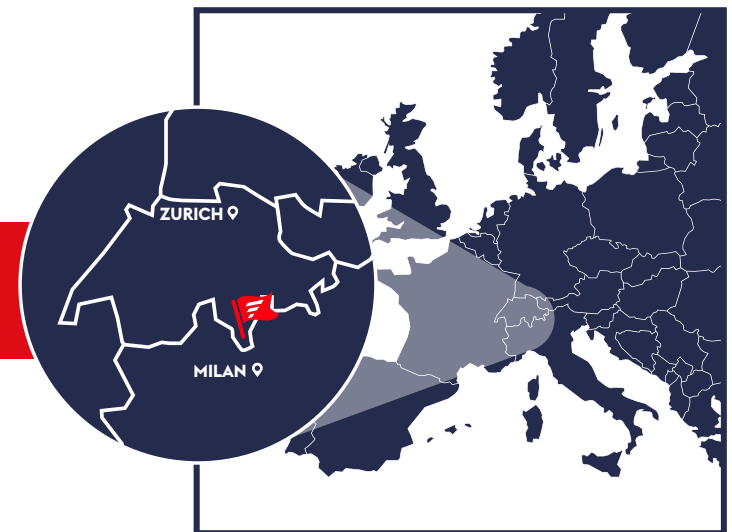

While it is known for a variety of reasons, what unites the country is a deeply rooted strength that comes from diversity.

At Franklin, that diversity is amplified with a community that comes together from all corners of the globe. Switzerland is **internationally recognized as a center of excellence in education, research, and innovation** and is ranked as one of the most sustainable and secure countries in the world. With not one, not two, but four native languages including French, German, Italian and Romansh, Switzerland offers you the opportunity to practice your language abilities or learn new ones. Ride the train through the German-speaking region of Switzerland, working on Italian homework while having a French-style croissant.

Go anywhere! Switzerland's **postcard-perfect geographical location** paired with its incredibly precise public transportation system makes traveling to Europe's most famous cities fast, easy and inexpensive.

Let us tell you our story – meet us.

NORTH CAMPUS VILLA

Inside the building are numerous offices, including those of Admission, Administration, Bursar's Office and Marketing, and many more! On the ground floor is also a small conference room, usually used to welcome students and their families during campus visits.

ACADEMIC OPPORTUNITIES

Franklin offers a highly innovative, internationally-focused liberal arts undergraduate curriculum. You can earn your Bachelor of Arts (BA) or Bachelor of Science (BS) degree in over 20 different majors while also pursuing various minors and academic interests. One key feature of our undergraduate program is its flexibility: most of our major curriculums offer you the possibility to partially design your own study plans. A thesis, internship or senior research project is an integral component of the undergraduate experience at Franklin. We place extraordinary value on enriching your learning experience by going on location. You can explore environmental issues in the Alps or travel to Renaissance Florence to study art history. At Franklin, this isn't a rarity; it's an every day opportunity.

SPECIAL PROGRAMS

3 YEAR DEGREE

This program is ideal for those students who are dedicated learners, have followed an academically rigorous high school curriculum and have their mind set on a specific academic major at the time of their application for admission. This accelerated degree is designed for students with specific high school academic credentials who are admitted to Franklin with advanced standing credit, equivalent to 30 US credits.

THE GLOBAL BA / FRANKLIN-EMERSON ASSOCIATE DEGREE

The partnership between Emerson College and Franklin University Switzerland, gives you the opportunity to pursue a Global Bachelor of Arts in International and Political Communication or a Global Bachelor of Arts in Business of Creative Enterprises. By completing one of these programs, you will earn both an associate's degree from Franklin, and a bachelor's degree from Emerson. Students enrolled in these programs will spend two years in Lugano, Switzerland, and two years in Boston, benefitting from the strengths and expertise of both schools.

GAP YEAR PROGRAM

A gap year offers high school graduates the opportunity to explore interests before starting college. It is a semester or year of experiential learning meant to deepen one's practical, professional and personal awareness.

FOUNDATION YEAR

This program is well suited for students who are switching into an English language academic program for the first time and would benefit from stronger support not only in their academic writing, but also in their transition to University. It is also an option for students with inconsistent academic records who would benefit from greater support services in order to have a successful transition to University.

SUMMER PROGRAMS

Franklin's undergraduate summer sessions offer you a rigorous, cross-cultural experience through courses taught in a vibrant, intellectual community. Our program consists of two 4-week intensive sessions that begin in early June and run through the end of July. Several summer Academic Travel programs also give you the opportunity to travel with your professor to a destination linked to an academic topic. Franklin also offers special summer programs for high school students in July. Students can earn university credit and experience campus life.

HONORS PROGRAM

Comprised of targeted tutorials and an interdisciplinary seminar series, Franklin's Honors Program offers talented and highly motivated students the opportunity to acquire advanced research skills and pursue cross-disciplinary research while working closely with faculty and other classmates.

ACADEMIC RESOURCES

The path you take toward your degree and your career may not always be direct and certainly will provide challenges along the way.

Our academic support areas provide you with information and guidance as you develop your interests, build the skills necessary for academic success and progress toward a satisfying career.

FRANKLIN LIBRARIES

The David R. Grace Library and the Fowler Learning Commons currently hold a collection of approximately 36,000 volumes, a small collection of print periodical titles, and a variety of multimedia materials.

THE WRITING AND LEARNING CENTER (WLC)

Franklin's Writing and Learning Center provides onestop academic support to the Franklin community at large. The WLC facilitates learning, language and writing opportunities across, up and beyond the curriculum with a non-directive and holistic approach to academic support. You will have full access to the center's tutoring services, leadership and publishing opportunities.

ACCESSIBILITY SERVICES

Franklin University Switzerland is committed to providing reasonable accommodations in its programs to students who have documented disabilities, including learning disabilities. We foster success by coordinating accommodations and by organizing additional academic support. As a small community of learners, we can offer individual support on many levels, with both qualified staff and trained student mentors and tutors.

ACADEMIC ADVISING

During your first days on campus you will connect with an academic advisor who will guide you through your course options and help you create a study program that fits your interests and career aspirations. You will meet with your advisor each semester until you finish at Franklin.

Take advantage of resources: Learn more about our wide range of services available for members of the Franklin Community. Check them out on our website.

Researching in the Grace Library

Students take steps towards building their careers by visiting the Career Services Office and participating in several career prep and mentoring programs and events.

CAREER PREPARATION

CAREER SERVICES

Franklin's Career Strategy department plays a vital role in the transition process for students preparing to develop into working professionals or those looking to develop and explore their skills through internships and career coaching. Franklin offers programs, resources, strategies, and services through the Office of Career Strategy to assist students in preparing for their next step after university. The office walks them through all the stages of career exploration and planning process including:

- Personal individual advising and coaching
- Resume/CV writing and refinement
- Internship and employment searching skills
- Graduate school applications
- Mock interviews
- Negotiation
- Career Assessments (MBTI and SII)
- Workshops and events aiming at developing professional skills

FRANKLIN ACCELERATOR PROGRAM - SOPHOMORE AND JUNIOR EXPERIENCE

Franklin Accelerators Program (FAP) is a hands-on program designed to help you gain experience and training in skills relevant to Academics, Career Preparation, Community, Student Involvement, and Personal Growth. The purpose of the program is to provide students with a foundation to plan and prepare themselves for the challenges and adventures that they may face in a post-Franklin environment.

ALUMNI SUPPORT AND OPPORTUNITIES

The Office of Career Strategy(OCS) actively promotes connecting Franklin **undergraduate** and **graduate** students with **alumni**. Through online platforms, such as People Grove, Career Strategy connects current Franklin students with Alumni, with whom they can discuss career paths, share advice, and sharpen their professional skills. Staying in touch and building a professional and global network is key to a smooth evolution from classroom to career.

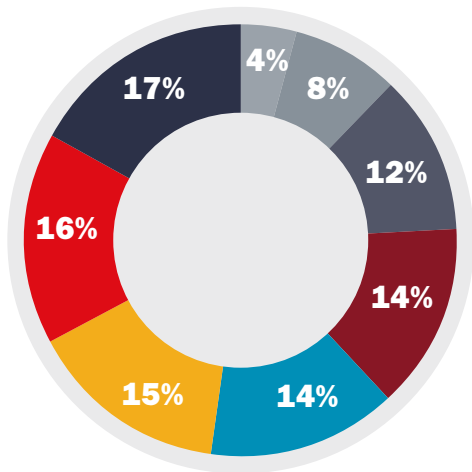

FRANKLIN CAREER NAVIGATOR

Accessible to all students at all times, the Career Navigator is our very own online encyclopedia of resources and information that students looking to prepare their professional future would need. From resume guidelines, or online internship search engines, to opportunities of the Alumni Council, Career Services provides many tools that can support students in their intercultural employability.

ALUMNI CONNECTIONS

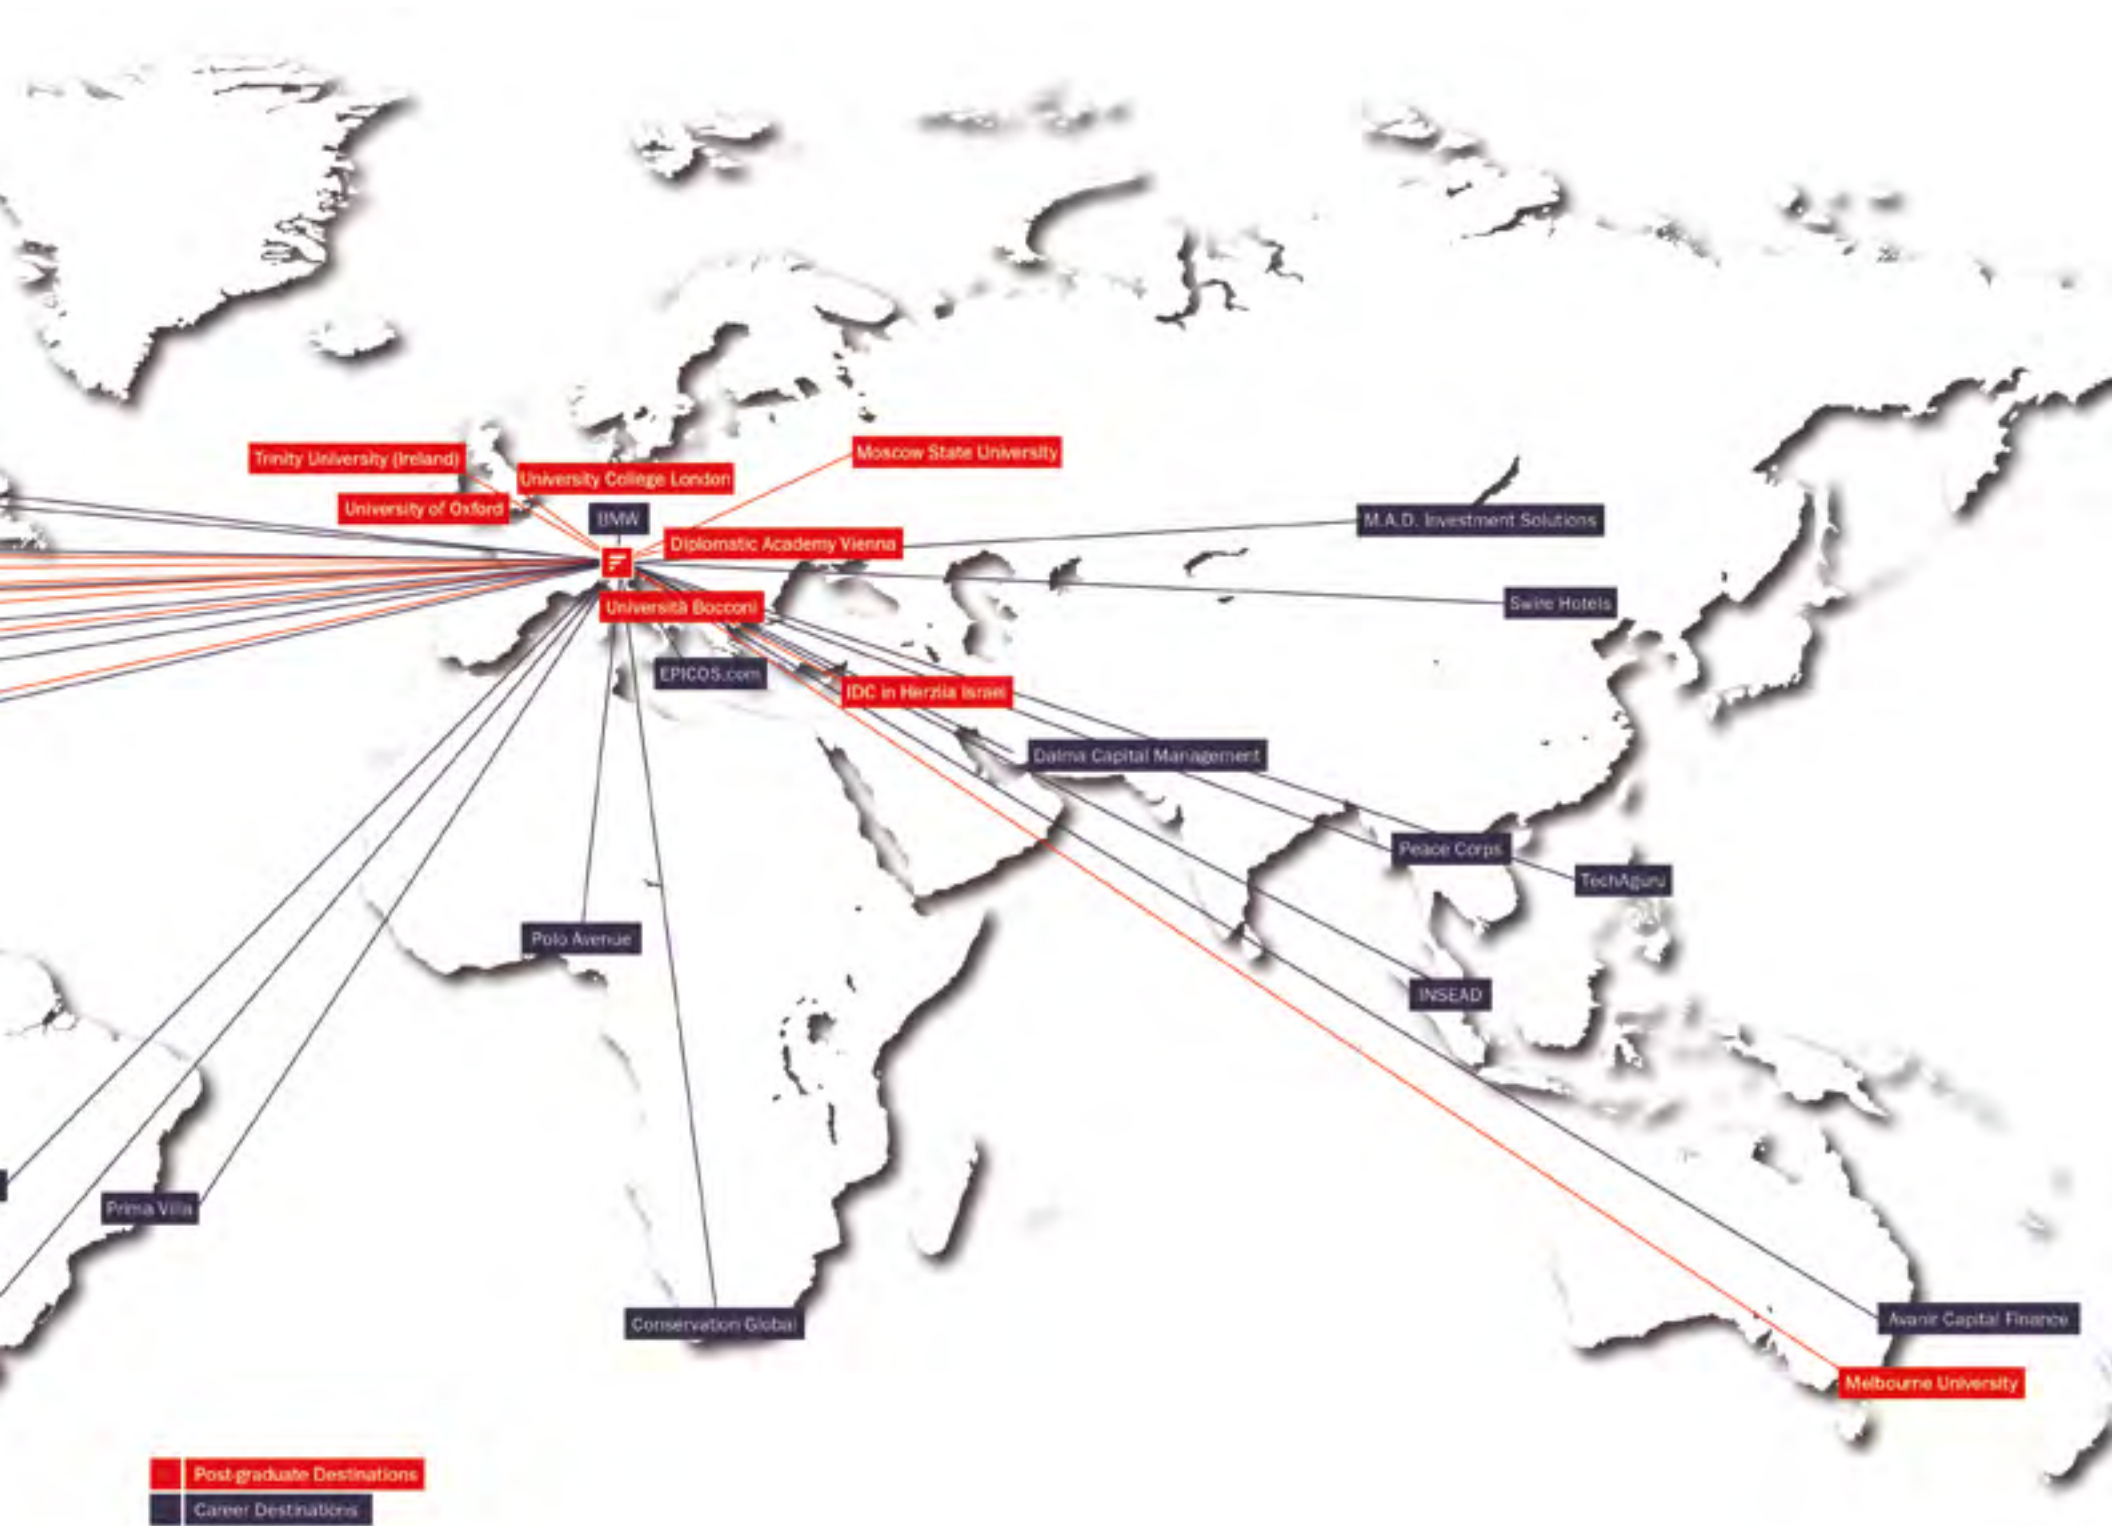

From Argentina to Australia and everywhere in between, Franklin alumni can be found in more than 100 countries around the world. A Franklin education prepares you for an international career in a way that no other university does. Complementing our core curriculum with careers-focused courses, guest lectures and co-curricular activities helps you thrive in the professional world. According to a recent alumni survey, three out of four Franklin graduates find full-time employment within 6 months of graduating, and 95% within a year. Just under a third of Franklin graduates also progress to director or manager status within three years from graduating.

The versatility of Franklin graduates enables them to find employment in a wide variety of sectors. Over a third of Franklin graduates go on to Master's or Ph.D programs in globally renowned universities.

Franklin residences create a comfortable and personal space to allow for studying, relaxing, and spending time with friends.

LIVING AT FRANKLIN

Living on campus in one of the eight residences is an integral part of the Franklin experience. It not only enriches your connection to your peers, but it also plays a vital role in your academic involvement.

There are **eight residence halls at Franklin**, and each one has a trained Resident Assistant. Resident Assistants are part of the Office of Student Life, and work to ensure that your living experience at Franklin is as optimal as possible and that you live in a safe and enriching space.

The University requires all new incoming students who are not residing with their parents or legal guardians to live in a university residence – each semester, about **88% of our students live on-campus**.

Living in the residence halls provides your first taste of independence. You have the opportunity to cook for yourself, as most rooms have kitchenettes or a common kitchen for the whole residence. You can pick from several housing arrangements: triple, double and single rooms, and suite-style apartments. The majority of the rooms have a private bathroom.

Your space will become your home each time you return from a long day of classes, travels, or even a trip to the grocery store. Whether you're closer to campus or closer to downtown Lugano, you'll know what it's like to live on your own in this eclectic, cross-cultural city.

The University also offers several meal plan options for dining in our two facilities: The Grotto and the North Campus Dining Hall, both serving a large variety of healthy, tasty, and fresh food options, with different menus of the day, as well as additional options to order from.

Nestled in the breathtaking Swiss Alps, Franklin University Switzerland boasts a stunning campus blending modern facilities with picturesque surroundings.
